

DISASTERS & IMPACTS CHART

This chart is to help us think about the types of disasters that may occur in our area. For each type of disaster, we consider the following:

--Is this a type of disaster we can prepare for?

The rest of the columns indicate possible types of impacts from that particular disaster: Water, Power, Food Shortage, Medical, Shelter Emotional/Spiritual, Climate

For each type of disaster, check the preparation box if this is a disaster we can prepare for and check all of the impact boxes that apply.
